

## NOT SAFE? REPORT IT!

We work together at EECV. And we do that safely. Let's minimise the risks as much as possible. Because danger lurks around every corner. And safety starts with a little book. With a few straightforward principles.

# OUR 10 SAFETY RULES

These are EECV's 10 safety rules. These rules form the basis of our safety culture. We have discussed, devised and selected them together. Because together we are responsible for our safety. And we look after our equipment.

Have you seen an unsafe act or situation? Report it, so we can do something about it. That way, together, we ensure that people, materials and equipment are not at risk!
